DE'ANDRE ROCKS THE HOUSE AT "THE HEART FOR DIABETES CONCERT" ...BENEFITING THE AMERICAN DIABETES ASSOCIATION HELD AT THE GEORGE BROWN CONVENTION CENTER

De'Andre was in the lineup with Regina Belle, grammy award winner, Kirk Whalum, grammy award nominee, Chris Walker, and others. He was the last performer. As Kirk Whalum played "Falling In Love With Jesus" on his saxophone, that he wrote and composed, De'Andre made his "invisible" entrance onto the stage and began to serenade the crowd by singing the song. The audience was astonished to see a young boy who just celebrated his 11th birthday on January 15 with such a phenomenal voice and the ability to bellow out notes like the great Luther Vandross. At the end of the song, other performers entered onto the stage. De'Andre and Regina Belle continued to sing "Falling In Love With Jesus" and it was something to hear and see. Congresswoman Shelia Jackson-Lee was in the audience and she could not believe what she had witnessed. After the show, Congresswoman waited about 20 minutes for De'Andre to exit from his dressing room and asked him to sing another song. He began to sing "My Favorite Place," a song he wrote and dedicated to the late Dr. Martin Luther King. Congresswoman and the crowd were captivated.

De'Andre is a native of Port Arthur, Texas, with a passion for music. He is the youngest son of Mr. & Mrs. Darryl Nico. His relationship with God began at a very early age when he began singing in the bathroom. His parents noticed that he wasn't a child that played normal games as other children and he always had something to offer up to God.

De'Andre CD/DVD project entitled "Good Morning Jesus" is available at stores in Houston and also on his Web site, promiseseed.com. Three songs are written by De'Andre and this is a must to have in any "musical" collection. On his DVD, his singing, playing keyboard, and offering his voice up to God in "live" performances is something to write home about.
